

A guest is any person who is not a current member or permanent resident of a property within Amberly Master POA. Guest information will be recorded at the front desk of the amenity center (clubhouse). All guests must be directly accompanied by a current member for the duration of their presence in a common area. Members are responsible for all guests of their household. If your guest damages any portion of Amberly property, or otherwise interferes with its operations, the member shall be held responsible for any costs and all available remedies in favor of Amberly. Amberly Master POA reserves the right to deny admission to any guest. Guest policies are subject to review and modification annually, as approved by the Board of Directors. Attempts to violate this, or any other policy or rule, may result in fines and/or suspension.

Residents may bring 4 guests/household on weekends
and 5 guests/household on weekdays.

NO GUESTS are permitted on the date of a holiday.
Each household receives 30 complimentary
guest passes each calendar year.

Once your 30 passes have been exhausted, you may purchase
more at \$5 each.

The clubhouse staff are not permitted to make
any exceptions to the above policy.
